The Unsung Heroes: ALS Caregivers

ALS caregivers are often unsung heroes, primarily partners or spouses, who provide unwavering support and care to ALS patients. They make tremendous sacrifices, both financially and emotionally, to ensure their loved ones receive the best care possible. Unlike other caregiving situations, ALS spousal caregivers do not receive government income supplements, and the lack of adequate insurance coverage puts immense strain on their lives. Nevertheless, they continue to give their all, day in and day out.
